

In this study you will see a drawing and two shapes, more or less similar to the drawing. Each shape is shown in the same view as the drawing and in an alternative view. You need to compare how accurately the shapes represent the drawing.

Here are two examples that illustrate this concept.

Example 1.

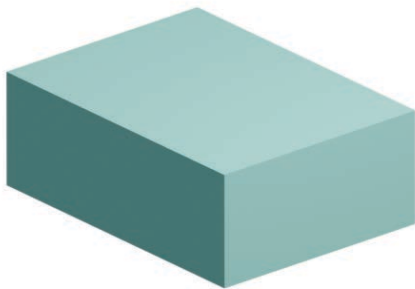

Same view

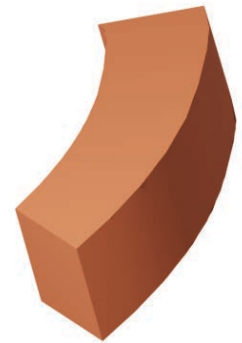

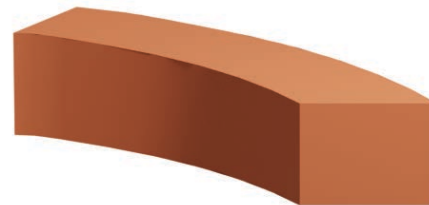

Alternative view

Same view

Alternative view

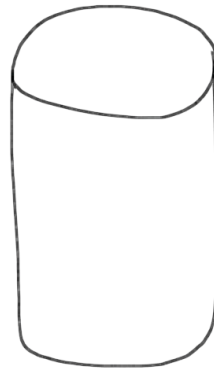

More accurate

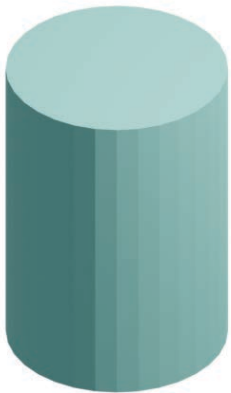

Less accurate

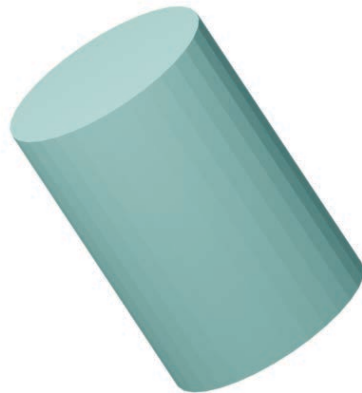

Example 2.

Same view

Alternative view

More accurate

Same view

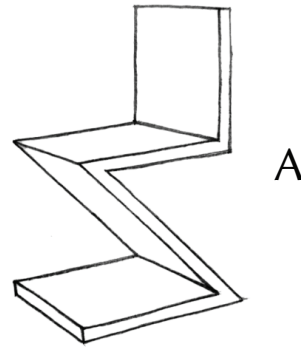

Alternative view

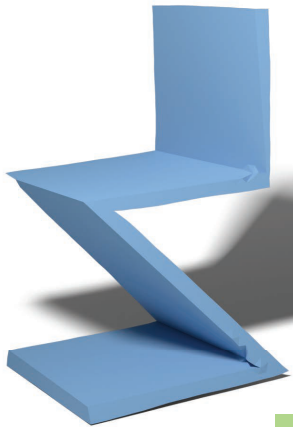

Less accurate

Drawing 1. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

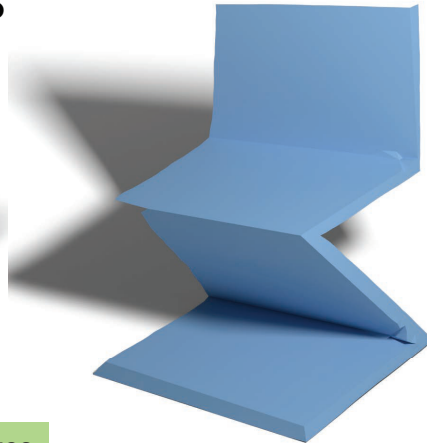

Same view

B

Alternative view

Ours: 14 votes

☐ B represents the shape more accurately

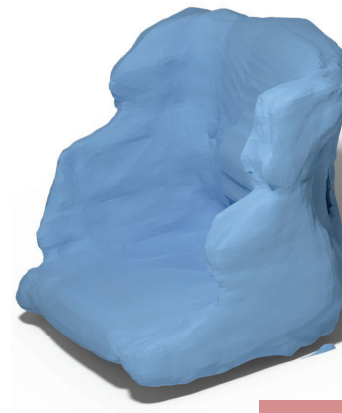

0 votes

☐ Both shapes accurately represent drawing A.

0 votes

☐ Neither B nor C accurately represents the drawing A

Same view

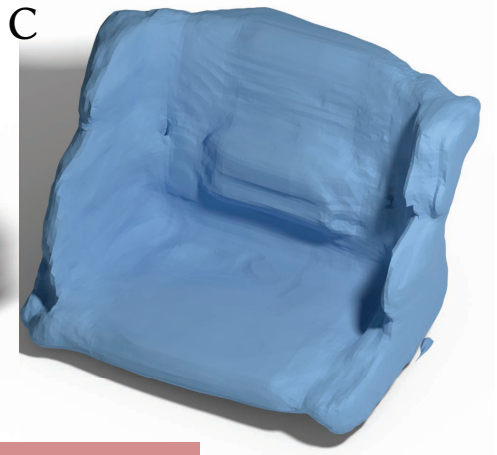

[Guillard et al. 2021]: 0 votes

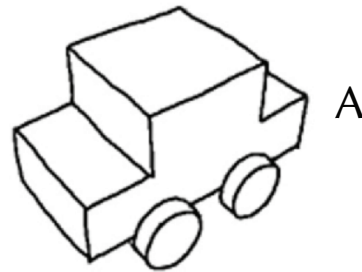

☐ C represents the shape more accurately

Alternative view

C

Drawing 2. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

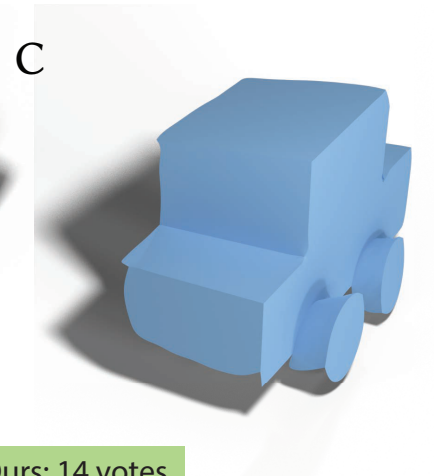

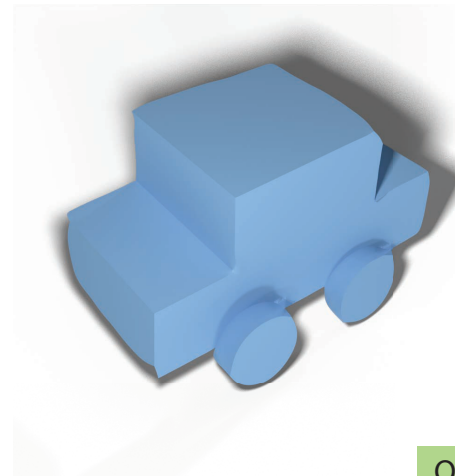

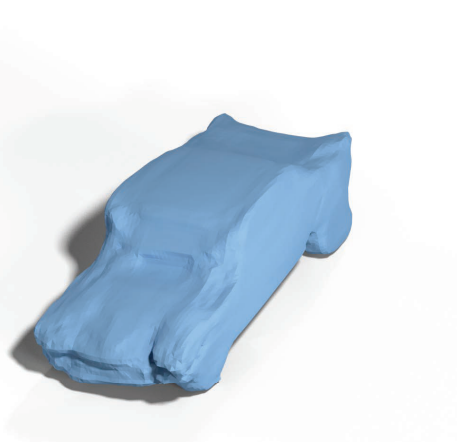

Same view

Alternative view

Same view

Alternative view

[Guillard et al. 2021]: 0 votes

Ours: 14 votes

☐ B represents the shape more accurately

☐ C represents the shape more accurately

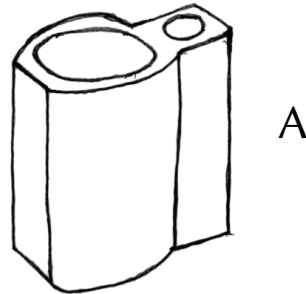

0 votes

☐ Both shapes accurately represent drawing A.

0 votes

☐ Neither B nor C accurately represents the drawing A

Drawing 3. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

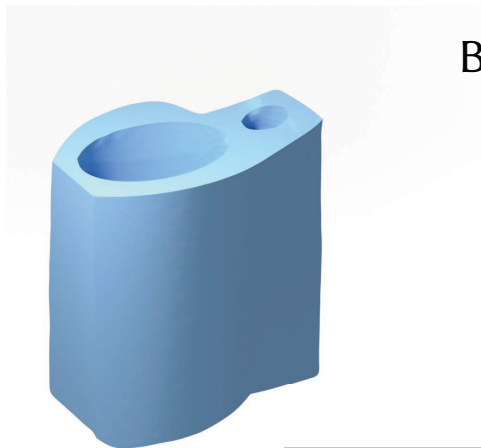

Same view

Alternative view

Same view

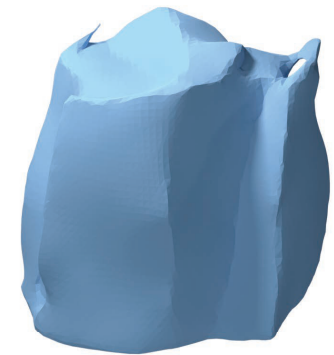

Alternative view

B

C

Ours: 14 votes

[Guillard et al. 2021]: 0 votes

☐ B represents the shape more accurately

☐ C represents the shape more accurately

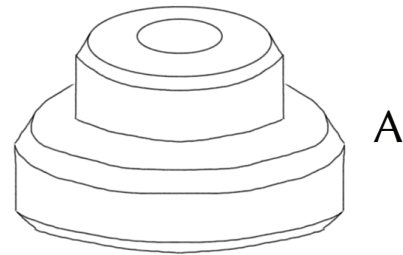

0 votes

☐ Both shapes accurately represent drawing A.

0 votes

☐ Neither B nor C accurately represents the drawing A

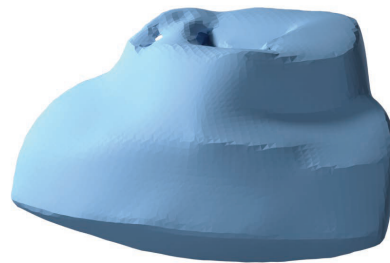

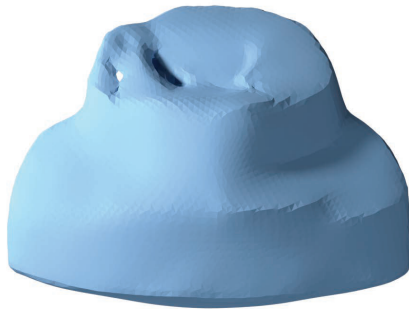

Drawing 4. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

Same view

B

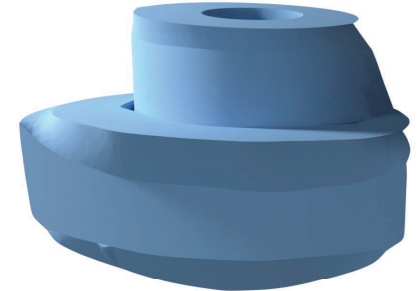

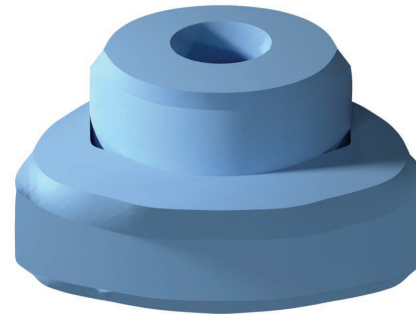

Alternative view

Same view

C

Alternative view

[Delaunoy et al. 20]: 0 votes

☐ B represents the shape more accurately

0 votes

☐ Both shapes accurately represent drawing A.

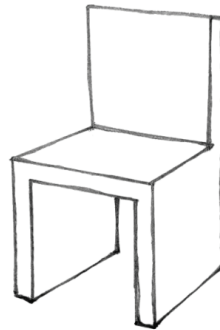

2 votes

☐ Neither B nor C accurately represents the drawing A

Ours: 12 votes

☐ C represents the shape more accurately

Drawing 5. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

A

Same view

Alternative view

Same view

Alternative view

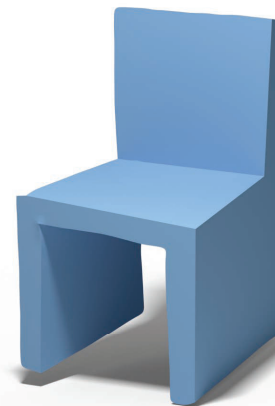

B

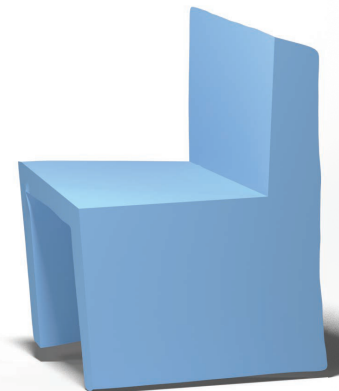

[Guillard et al. 2021]: 0 votes

C

Ours: 14 votes

☐ B represents the shape more accurately

☐ C represents the shape more accurately

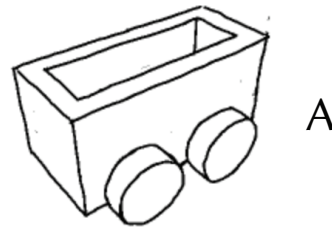

0 votes

☐ Both shapes accurately represent drawing A.

0 votes

☐ Neither B nor C accurately represents the drawing A

Drawing 6. Which of the blue shapes below more accurately represents drawing A? Mark your answer in checkbox.

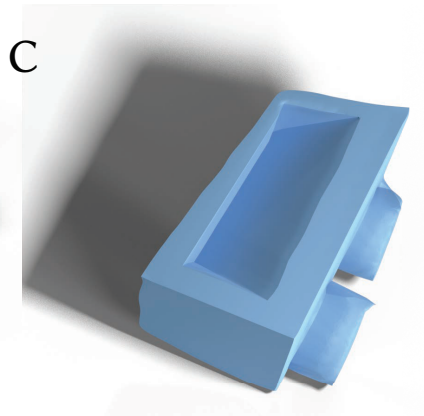

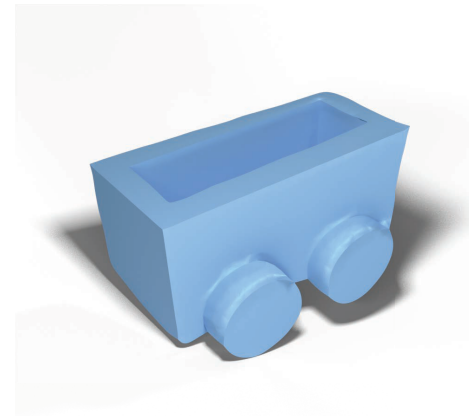

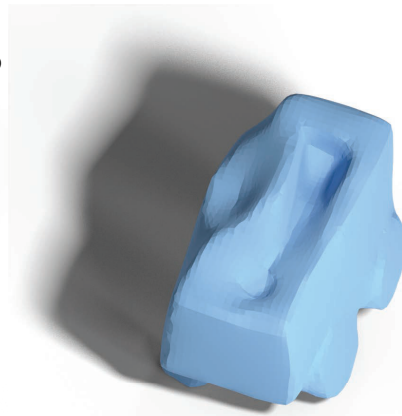

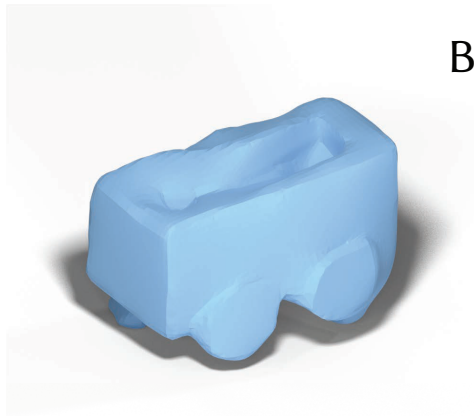

Same view

Alternative view

Same view

Alternative view

[Delaunoy et al. 2019]: 0 votes

☐ B represents the shape more accurately

0 votes

☐ Both shapes accurately represent drawing A.

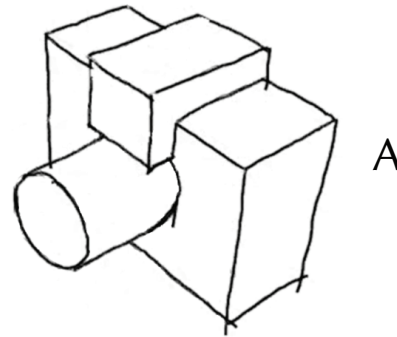

0 votes

☐ Neither B nor C accurately represents the drawing A

Ours: 14 votes

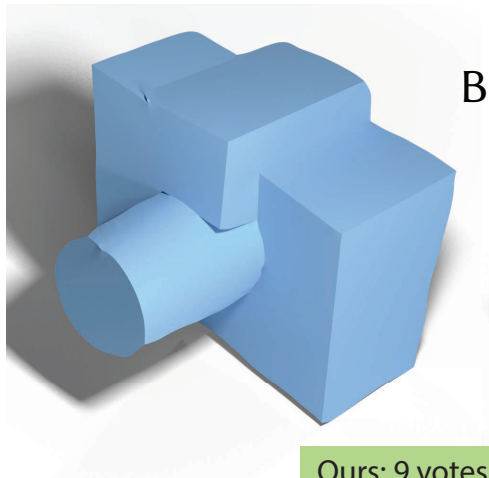

☐ C represents the shape more accurately

Drawing 7. Which of the blue shapes below more accurately represents drawing A? Mark your answer in the checkbox.

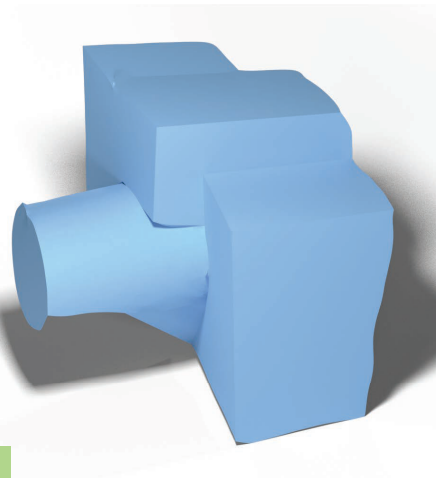

Same view

Alternative view

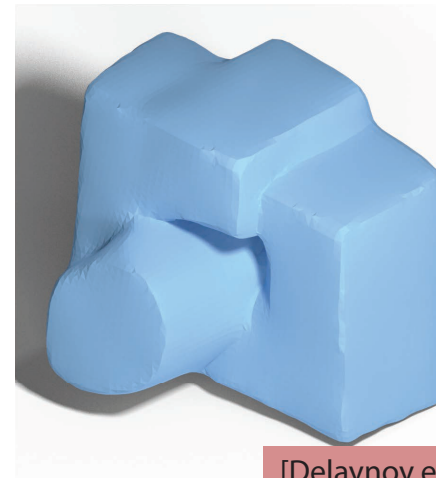

Ours: 9 votes

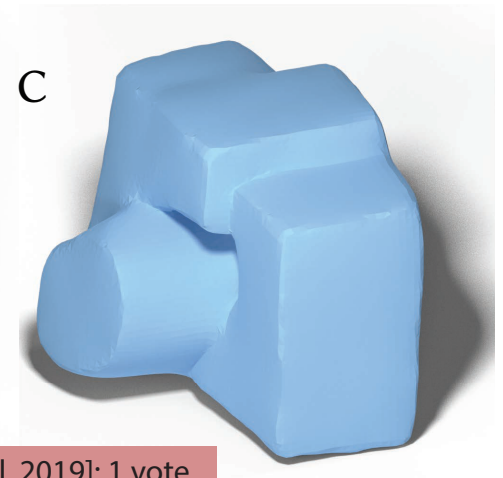

Same view

Alternative view

[Delaynoy et al. 2019]: 1 vote

☐ B represents the shape more accurately

☐ C represents the shape more accurately

4 votes

☐ Both shapes accurately represent drawing A

0 votes

☐ Neither B nor C accurately represents the drawing A
